G-C finishes 38th at Vex Robotics World Championship

Greenfield-Central's Vex Robotics team finished 38th out of 91 teams in the Vex Robotics World Championship in Northridge, Calif. They earned a 5-4 record and were ranked as high as seventh point of the competition.

Competing in California were international teams from China, Korea, Singapore, Taiwan, Brazil, the United Kingdom and Canada.

Read more about the competition in the Tuesday edition of the Daily Reporter.
